CLASS NOTES:

To receive a permission number (formerly known as add code), students must complete the following:

- Be employed or have an internship.
- View online Orientation and complete Quiz at www.sdmesa.edu/work-exp/.
- Complete Sexual Harassment Prevention Training at www.sdmesa.edu/work-exp/.
- Submit required online Work Experience forms at www.sdmesa.edu/work-exp/.
- Attend in-person orientation with Work Experience Instructor - Meeting details provided by Instructor once student has enrolled.

Questions? Contact the Work Experience Coordinator, Shawn Fawcett, at sfawcett@sdccd.edu.

This class requires mandatory monitoring of radiation exposure with a dosimeter badge. There is a \$42.50 fee for use of the badge.

CLASS NOTES: Synchronous Note: This course will include synchronous (real-time) meetings online every class meeting during the scheduled times, in order to cover material, answer questions and hold critiques. However, adjustments to the synchronous meeting schedule may change throughout the semester. All other components of the course may be completed in an asynchronous fashion (at the students convenience).

From Term: Fall 2020 (2207) To Term: Fall 2021 (2217)

Plus 3 hours weekly by arrangement. Synchronous Note:

This course will include synchronous (real-time) meetings online every class meeting during the scheduled times, in order to cover material, answer questions and hold critiques. However, adjustments to the synchronous meeting schedule may change throughout the semester. All other components of the course may be completed in an asynchronous fashion (at the student's convenience).

CLASS NOTES:

This course will include synchronous (real-time) meetings online every class meeting during the scheduled times, in order to cover material, answer questions and hold critiques. However, adjustments to the synchronous meeting schedule may change throughout the semester. All other components of the course may be completed in an asynchronous fashion (at the student's convenience).

CLASS NOTES:

This course includes some synchronous (real-time) meetings, on the days and at the times listed in the class schedule using videoconferencing software. Attendance at these meetings will be required. All other components of the course may be completed online in an asynchronous fashion (at the student's convenience). The dates of the synchronous meetings will be announced in the course syllabus: please email the instructor for more detailed information.

This is an Honors class. Please contact the instructor for more details. Students interested in the Honors Program should visit www.sdmesa.edu/honors.

CLASS NOTES:

This course includes some synchronous (real-time) meetings, on the days and at the times listed in the class schedule using videoconferencing software. Attendance at these meetings will be required. All other components of the course may be completed online in an asynchronous fashion (at the student's convenience). The dates of the synchronous meetings will be announced in the course syllabus: please email the instructor for more detailed information.

CLASS NOTES:

This course includes some synchronous (real-time) meetings, on the days and at the times listed in the class schedule using videoconferencing software. Attendance at these meetings will be required. All other components of the course may be completed online in an asynchronous fashion (at the student's convenience). The dates of the synchronous meetings will be announced in the course syllabus: please email the instructor for more detailed information.

CLASS NOTES:

This course includes some synchronous (real-time) meetings, on the days and at the times listed in the class schedule using videoconferencing software. Attendance at these meetings will be required. All other components of the course may be completed online in an asynchronous fashion (at the student's convenience). The dates of the synchronous meetings will be announced in the course syllabus: please email the instructor for more detailed information.

CLASS NOTES:

This course includes some synchronous (real-time) meetings, on the days and at the times listed in the class schedule using videoconferencing software. Attendance at these meetings will be required. All other components of the course may be completed online in an asynchronous fashion (at the student's convenience). The dates of the synchronous meetings will be announced in the course syllabus: please email the instructor for more detailed information.

CLASS NOTES:

Students must attend some remote class meetings that will occur on the days and times that the course is scheduled. Specific dates and times of these online class meetings will be written in the syllabus and announced in Canvas. Please email the instructor if you wish to find out more before enrolling. As an online, or partially online course, you may be required to have certain technology to participate in the course. This course will likely require a computer, web cam, and microphone and may include the use of online proctoring services. Attempting to take this course using only a smart phone or tablet is not recommended. Please contact the instructor if you want clarification on the technological requirements for this course.

Class Prior Term Copy Report
From Term: Fall 2020 (2207) To Term: Fall 2021 (2217)

CLASS NOTES:

Students must attend some remote class meetings that will occur on the days and times that the course is scheduled. Specific dates and times of these online class meetings will be written in the syllabus and announced in Canvas. Please email the instructor if you wish to find out more before enrolling. As an online, or partially online course, you may be required to have certain technology to participate in the course. This course will likely require a computer, web cam, and microphone and may include the use of online proctoring services. Attempting to take this course using only a smart phone or tablet is not recommended. Please contact the instructor if you want clarification on the technological requirements for this course.

CLASS NOTES:

Students must attend some remote class meetings that will occur on the days and times that the course is scheduled. Specific dates and times of these online class meetings will be written in the syllabus and announced in Canvas. Please email the instructor if you wish to find out more before enrolling. As an online, or partially online course, you may be required to have certain technology to participate in the course. This course will likely require a computer, web cam, and microphone and may include the use of online proctoring services. Attempting to take this course using only a smart phone or tablet is not recommended. Please contact the instructor if you want clarification on the technological requirements for this course.

CLASS NOTES:

Students must attend some remote class meetings that will occur on the days and times that the course is scheduled. Specific dates and times of these online class meetings will be written in the syllabus and announced in Canvas. Please email the instructor if you wish to find out more before enrolling. As an online, or partially online course, you may be required to have certain technology to participate in the course. This course will likely require a computer, web cam, and microphone and may include the use of online proctoring services. Attempting to take this course using only a smart phone or tablet is not recommended. Please contact the instructor if you want clarification on the technological requirements for this course.

This course is part of the UMOJA/Mesa Academy Program. Contact ckatungi@sdccd.edu or mtemple@sdccd.edu for a permission number.

CLASS NOTES: This course includes some synchronous (real-time) meetings, on the days and at the times listed in the class schedule using videoconferencing software. Attendance at these meetings will be required. All other components of the course may be completed online in an asynchronous fashion (at the student's convenience). The dates of the synchronous meetings will be announced in the course syllabus: please email the instructor for more detailed information.

CLASS NOTES:

Chemistry 100 - Take lecture and one Chemistry 100L lab. Students must attend some remote class meetings that will occur on the day and time listed in this schedule using videoconferencing software (Zoom, etc.). Specific dates of these class meetings will be announced in Canvas. Exams for this course will be administered through Canvas and may use an online proctoring system. Students should have a computer with a web camera, microphone, and Chrome browser. Taking this course entirely through a smartphone or tablet is not recommended.

CLASS NOTES: Class number 48636 is an honors course. Honors courses are open to all students. However, these courses require greater student commitment and involvement than non-honor courses. Please contact the instructor for more details. Students interested in the honors program should visit www.sdmesa.edu/honors. Students will be required to attend Zoom sessions during all of the specified date/times.

CLASS NOTES:

Students must attend some remote class meetings that will occur on the days and times that the course is scheduled. Specific dates and times of these online class meetings will be written in the syllabus and announced in Canvas. Please email the instructor if you wish to find out more before enrolling. As an online, or partially online course, you may be required to have certain technology to participate in the course. This course will likely require a computer, web cam, and microphone and may include the use of online proctoring services. Attempting to take this course using only a smart phone or tablet is not recommended. Please contact the instructor if you want clarification on the technological requirements for this course.

CLASS NOTES:

Students must attend some remote class meetings that will occur on the days and times that the course is scheduled. Specific dates and times of these online class meetings will be written in the syllabus and announced in Canvas. Please email the instructor if you wish to find out more before enrolling. As an online, or partially online course, you may be required to have certain technology to participate in the course. This course will likely require a computer, web cam, and microphone and may include the use of online proctoring services. Attempting to take this course using only a smart phone or tablet is not recommended. Please contact the instructor if you want clarification on the technological requirements for this course.

CLASS NOTES:

Students must attend some remote class meetings that will occur on the days and times that the course is scheduled. Specific dates and times of these online class meetings will be written in the syllabus and announced in Canvas. Please email the instructor if you wish to find out more before enrolling. As an online, or partially online course, you may be required to have certain technology to participate in the course. This course will likely require a computer, web cam, and microphone and may include the use of online proctoring services. Attempting to take this course using only a smart phone or tablet is not recommended. Please contact the instructor if you want clarification on the technological requirements for this course.

CLASS NOTES:

This course includes some synchronous (real-time) meetings, on the days and at the times listed in the class schedule using videoconferencing software. Attendance at these meetings will be required. All other components of the course may be completed online in an asynchronous fashion (at the student's convenience). The dates of the synchronous meetings will be announced in the course syllabus: please email the instructor for more detailed information.

CLASS NOTES:

This course includes some synchronous (real-time) meetings, on the days and at the times listed in the class schedule using videoconferencing software. Attendance at these meetings will be required. All other components of the course may be completed online in an asynchronous fashion (at the student's convenience). The dates of the synchronous meetings will be announced in the course syllabus: please email the instructor for more detailed information.

CLASS NOTES:

This course includes some synchronous (real-time) meetings, on the days and at the times listed in the class schedule using videoconferencing software. Attendance at these meetings will be required. All other components of the course may be completed online in an asynchronous fashion (at the student's convenience). The dates of the synchronous meetings will be announced in the course syllabus: please email the instructor for more detailed information.
