Information/Discussion

- ◀ W. Tappen informed the committee that **HIST 140 & 141** proposals have been renumbered as **HIST 141 & 142** respectively. He also presented CIC's view that new courses being created at this time may be inappropriate due to the budget cuts and the need to have current courses integrated. He requested that the committee keep this in mind, as new courses appear as first read items.
- ◀ A District list of the current program/degree names and the number of units in each was distributed for review. E. Armstrong explained that CIC is reviewing all college degrees and has requested that each college review their own degrees to assist in creating uniformity between and among colleges where appropriate with the emphasis being on the top ten transfer degrees. The number of units required and the degree's titles should be in agreement whenever possible.
- ◀ L. Corbin reported that if anyone knows of someone who is working on an aligned integration proposal they should request that it be launched as soon as possible as only launched proposals will count towards the 70/30 quota.

MSC P. Fischer/C. Buck to adjourn the meeting at 4:10 p.m.
