Biology
Music
Teacher Prep/Liberal Studies (soon)

Re-posted with 2/29 review Deadline:

Computer Science TMC
EDUC 200 (Intro to Education) descriptor

PSYC/SOCI 210: Introduction to Research Methods and Data Analysis in the Social and Behavioral Sciences

has been withdrawn from further consideration at this time

Why delays in some disciplines (Art History, History, Political Science, Theatre) ?

For many faculty discipline review groups (FDRGs) we are awaiting CSU faculty appointments thus delaying course descriptor final reviews or CCC course submission reviews – please help us in locating potential faculty!!

AO Alerts: TCSU courses & technical changes

- You can help the C-ID office by checking the **accuracy** of your courses that have been automatically granted a C-ID number due to the "grandfathering" of the TCSU approvals; we have found cases where these course numbers have been revised in the past few years since the TCSU number was initially granted.

- Please **check** all of your approved courses listed on the C-ID website for accuracy and e-mail Pam at pam@c-id.net if you find courses that need to be updated/corrected.

- Any TCSU granted courses that are more than 5 years old at the time they are submitted to C-ID for review **WILL NOT** receive automatic approval and must be submitted via the regular C-ID review process.

- **To submit a more recent CoR for a TCSU approved course: AOs must choose the re-submit option – you will then be alerted that you have already used that descriptor and are requested to offer a reason for creating a "new" articulation for this descriptor**

- **You may choose to leave the TCSU articulation in place until you course is approved via the course review process**

- **After course approval, you will need to delete your old TCSU based articulation**

- **For technical changes to your curriculum – prefix, number, increase in units choose the EDIT option on your submission page**

C-ID Catalog language is presently being considered

We hope to have appropriate catalog language available (via the CIAC listserve) very soon
