Operations

J. Estep described the role of the Catalog Committee as a subcommittee of the CRC and that official votes made here will need to be approved by the CRC as well. This also allows the committee to meet by Zoom and still be in compliance with the Brown Act.

J. Estep provided Catalog-relevant links to the committee. There were challenges accessing the Catalog during the meeting. It was noted that we were provided with a modified version of the current Catalog as our proof, in part, because next year's Catalog will be primarily electronic. It was also noted that the timeline seems to include old dates.

****Update: After the meeting, the Catalog was successfully accessed.***

The group reviewed and commented upon the electronic Catalog draft.

Website

A. Svedberg noted multiple Catalog websites, many with inaccurate

information.
