Hi Chairs, Deans, and Catalog Committee,

Our curriculum system (Meta) is having a challenge maintaining two Catalogs (the current 25/26 and the upcoming 26/27 years). Part of the solution involves creating new proposals of existing programs so that there can be a unique proposal for each year (and upcoming changes do not override the existing versions). You (Chair, Deans, etc.) *may* receive messages from Meta (noreply@curriqunet.com) about these proposals (with a non-discipline originator), but **no action is required**.

Please let me know if there are any questions.

Thank you and best,
