MESA PATHWAYS 101

The Guided Pathways framework creates a highly structured approach to student success that:

Provides all students with a set of clear course-taking patterns that promotes better enrollment decisions and prepares students for future success.

Integrates services in ways that make it easier for students to get the help they need during every step of their community college experience.

MESA'S MISSION

MPC will use an integrated, equity-minded, student-centered approach to facilitate student success. Through structured educational experiences, MPC will work to close equity gaps, improve student outcomes and guide students into and through college to the completion of personal, academic and professional goals.

Mesa Pathways 101: Key Elements of Guided Pathways

Programs that are fully mapped out and aligned with further education and career advancement while also providing structured or guided exploration for undecided students.

Proactive academic and career advising from the start through completion and/or transfer, with assigned point of contact at each stage.

Early alert systems aligned with interventions and resources to help students stay on the pathway, persist, and progress.

Redesigning and integrating basic skills/developmental education classes to accelerate students to college-level classes.

Structured onboarding process including improved placement tests and co-requisite instruction that provide students with clear, actionable, and usable information they need to get to the right start in college.

Instructional support and co-curricular activities aligned with classroom learning and career interests.

Important Concepts:

- A framework
- Student-centered
- Self guided approach
- Redesign
- Institutional Change
- Structural Change
- Intentional
- Iterative | fluid process
- Everyone is invited to be a part of the process

UNDERSTANDING OUR WHY

MESA PATHWAYS 101

MESA PATHWAYS 101

QUESTION: If implemented well, 5 years from now, what would our campus look like from a student, staff, faculty and/or administrative perspective?

MESA PATHWAYS 101

Mesa Pathways 101: Starting with the end in mind

- Programs organized into **career-focused “meta-majors”** that enhance student recruitment and exploration and program improvement;
- **Clearly mapped paths** to degrees, employment, and further education in collaboration with employers and universities;
- **Structured counseling/advising** that helps students choose, enter, and complete a program , of study;
- **Academic support** that enable students to take and pass critical program courses in their first year of college; and
- **Trained faculty and staff** who facilitate these reforms.
