VIII. NEW BUSINESS:

A. Resolution 2022.11.1 – Processes for the California Virtual College (CVC): Fremland

As reported by Rob Fremland:

"Very specifically,

CVC offers online laboratory courses which, if a student takes, we are FORCED to accept for credit. Virtual labs are inappropriate and are not equivalent to FTF labs. Our professional organization, The American Chemical Society has guidelines that clearly state that "Chemistry is an empirical science that requires the safe and effective physical manipulation of materials, equipment, and instrumentation. This hands-on expertise cannot be developed through virtual laboratory exercises. *Virtual and computer-simulated labs may supplement hands-on laboratory exercises, but they must not replace them.*"

In addition, many of our transfer partners feel the same way.

Chemistry wrote this resolution, but we are confident that other disciplines, languages come to mind, might feel the same way.

Since there is currently NO WAY to choose which courses in the CVC we will accept for transfer (it is all or nothing) we are asking that a process be created. In addition, as noted in the whereas parts, this is also a violation of the curriculum process as we are being FORCED to accept curriculum over which we had no input or approval.

The details of the process will have to be worked out, but in general, it should be that any college in the CVC will still have to approve courses, on a course by course basis, for approval at their local college. NO COURSE SHOULD BE ACCEPTED FOR CREDIT WITHOUT THE APPROVAL OF THE ACCEPTING COLLEGE."

Motion to move the item to the December 12th meeting as Old Business for discussion and potential vote:

M/S Sardo/Hoffman

Resolution 2022.12.1 – FHP Rubric Approval Process: Rob Fremland

Move:

Second:

Whereas faculty hiring is an academic and professional matter and

Whereas the academic senate has purview over academic and professional matters and

Whereas there have recently been issues surrounding the approval of the rubric from the Faculty Hiring Prioritization Committee (FHP) to determine the ranking of positions

Be it resolved that the process for approval of the FHP rubric be changed to be as follows:

1. FHP sends a representative with a draft of rubric to academic senate for feedback
2. FHP uses the feedback to develop "final rubric"
3. FHP sends the rubric to academic senate for approval
4. Approved rubric goes to Planning and Institutional Effectiveness and then President's Cabinet for final approval

Presented to the Academic Senate: December 12, 2022

Approved by the Academic Senate:

Resolution 2022.12.2 - Constitutional Changes (Removal of Officers): SDMC AS Academic Affairs Committee

Move:

Second:

Whereas, The Academic Affairs Committee reviews, considers and comments on standards established by State and local governance policies under the purview of the Senate, and

Whereas, The Academic Affairs Committee finds a need to revise the current Senate Constitution's Section 6-Removal of Officers in order to clarify the process for removal and broaden the scope of conditions for removal, and

Whereas, Amendments to Senate Constitution may be adopted during regular Senate meetings, by two-thirds (2/3) vote of Senators present at that regular meeting, given that the proposed amendments have been previously presented; be it therefore resolved that the following Senate Constitution amendments be ratified:

Current version of Section 6, p. 5

SECTION 6 – REMOVAL OF OFFICERS:

- A. An officer may be removed for failure or inability to perform his /her duties as determined by the Senate.
 1. When an allegation regarding failure or inability to perform is made, an investigative committee will be formed.
 2. The investigative committee will consist of:
 - a. The Senate President
 - b. The Vice President or President Elect
 - c. The Chair of the Academic Affairs committee
 3. If one of those officers is the object of the investigation, a third member will be chosen by the Senate Executive Committee.
- B. If the investigative committee determines that the allegations have merit, the officer will be given the opportunity to improve his/her performance after meeting with the Senate Executive Committee regarding the Senate's concerns.
 1. The investigative committee will describe, in writing, the metric for improvement of performance and develop a timeline and provide copies of the metric and timeline to the officer.
 2. At the end of the specified timeline, the investigative committee will report the findings to the executive committee and make recommendations.
- C. An officer may be removed by a 2/3 majority vote of the Senators attending the Academic Senate meeting at which the recall is an agenda item.
 1. The officer in question does not vote.
 2. If an officer is removed, the Senate's Election Chair will conduct a special election to replace the officer.
 3. The new officer will complete the balance of the former officer's term.

Proposed Revisions:

A. A Senate officer can be removed for failure or inability to perform his/her duties to the Senate or for failure to adhere to SDCCD Board Policies or Administrative Procedures relevant to the performance of Senate duties.

B. Below is the process to be followed for removal.

1. An allegation must first be submitted, in writing, to either one of the Senators at large or directly to the Executive Committee. Allegations must include an original author or grievied party.
2. Once the allegation is received by the Executive Committee, and it is determined that further investigation is needed, an autonomous investigative committee will be formed.
3. The investigative committee will consist of:
 - a. The Senate President
 - b. The Vice President or President Elect
 - c. The Chair of the Academic Affairs committee
 - d. In the event that one of the above officers is the object of the investigation, an alternate will be chosen by the Senate Executive Committee.
4. If the investigative committee determines that the allegations have merit, the officer in question will be given the opportunity either to improve his/her performance of the duties in question or rectify their failure. This process is separate from and not meant to preclude any grievance procedure filed with SDCCD Human Resources (HR) or the American Federation of Teachers (AFT).
5. The investigative committee will report their findings and recommend in writing the process for improvement of performance or behavior redress, develop a timeline and metric for improvement, and provide copies of the process, timeline, and metric to the officer in question. The process can not include monetary penalties or fees imposed by any party on the officer.
6. At the end of the specified timeline, the investigative committee will report the findings to the Executive Committee and make recommendations.
7. In the event that the investigative committee recommends removal due to a lack of improvement or failure to follow the recommended process, the Senate Executive Committee will bring the matter to the Academic Senate with recommendation for removal. The vote regarding removal is by 2/3 majority vote of the Senators attending an Academic Senate meeting at which the removal vote is posted as an agenda item.
 - a. The officer in question does not vote.
 - b. If an officer is removed, the Senate's Election Chair will conduct a special election to replace the officer.
 - c. The new officer will complete the balance of the former officer's term.

Resolution 2022.11.1 – Processes for the California Virtual Campus (CVC): Rob Fremland

Move:

Second: Hoffman

Whereas participation in the California Virtual College (CVC) requires that all classes be accepted for credit by participating colleges and
Whereas Title 5, §55100 gives colleges (<https://www.law.cornell.edu/regulations/california/5-CCR-55100>) local control over their curriculum (see reference below)

Whereas the fact that courses approved for the CVC have not been approved by the participating colleges is in violation of Title 5.

Be it resolved that a process be put in place that requires colleges participating in CVC to use their curriculum processes to determine if courses in CVC will be accepted

Be it further resolved that the default for acceptance of courses in the CVC be changed to "not approved" until a campus accepts the course.

Be it further resolved that this resolution be placed on the agenda with ASCCC for discussion and voting at the spring plenary
