

Resolution 17.10.1 – Compensation for the AFT President: (Perigo)

1st Reading: October 23, 2017

Mover: Bingham

Seconded: Fremland

Whereas the AFT President regularly negotiates with the district administration on contract and other work-related issues throughout the calendar year;

Whereas it is essential for the AFT President to provide faculty and staff representation and respond to needs, situations, and issues of the faculty and staff on a year round basis;

Whereas the AFT President is compensated as a 10-month employee;

Whereas this current arrangement means that the AFT President as bargaining representative of faculty and staff is only compensated for 10 months while administrative representatives are compensated for 12 months;

Be it resolved that the Academic Senate supports the request that the district works with the faculty bargaining agent to increase the contract of the AFT President to a 12-month contract;

Be it further resolved that this resolution be submitted to the Academic Senates at our sister campuses (including Continuing Education) and, once passed, be presented to the Board of Trustees.

Presented to the Academic Senate: October 23, 2017

Approved by the Academic Senate: November 6, 2017

The votes are delineated as follows:
