- II.** Online courses and evaluations (Christina)
 - a. Revisit last semester's discussion on this
 - b. What should the group developing a Peer Online Course Review tool be thinking about? How might this relate to our official evaluations process?
- III.** Open discussion. What else do our members want to talk about?
Add the topic and your name below.

Topic: From Stevi - Allowed percentage of online courses taught per instructor per semester. What is the max number (credits?) of online modality we are allowed to teach ONLINE (async). Is this different from REMOTE(Sync)? Are we still in "emergency" next semester...and how does that affect the percentage of online course allowance?

Another from Stevi – To add to Agenda II item: what is acceptable for peer evals in terms of what they see in our Canvas shells? (Evals for promotion).
