

## San Diego Mesa College Distance Education Committee Meeting Agenda

Date: Thursday, September 15 10:00 am (virtual meeting via zoom)

Zoom link: <https://cccconfer.zoom.us/j/98180548823>

1. Intros (we have new members)
2. DE Updates from district / SDICCA
  - Pronto (up for renewal, will likely get renewed, does anyone's department or interest group want a meeting with a Pronto rep?)
  - CVC/OEI Consortium news (all the SDCCD campuses have joined it now that it is tied to state funding). Brian Weston asked the college presidents to address the Senates about this- it is likely our committee members will be very involved with this process as it unfolds.
    - [Link to sign-up for POCR \(Peer Online Course Review\) training from @ one.](#)
  - ZTC (Zero Textbook Costs) grant application is open [ZTC Grant Application](#) This is a grant Brian Weston was able to secure for the whole district- the application is a little vague because it is sort of a 'pilot' the first year (it will be a 3 year grant)
  - New DE Modalities terminology is in place for next semester. Here's a nice video with students explaining what each term means, might be helpful in your departments: [SDCCD Class Options](#)
3. Letter / Invitation to Union Leadership about building Community Online & #allmodalities
  - Should we present asynch FIG results in AFT meeting? Or chairs meeting?
  - Do we want to make a subgroup in this committee to do outreach about this?
  - We decided to focus on a letter from the committee for our first step, then plan a panel/event (bring in Janue and professional learning for this if possible) and then \make a video or some type featuring faculty and students talking about why they love to have lots of different modality options
  -

4. [MOST projects report](#) (how it's going, anyone have updates they want to share?).
- Include - Our 4 week asynchronous training cohort. We have 22 participants and wrapping up week 1! Yay!
  - OnRamp - Slated for Spring pilot. This is for online students. We have Pathways Fellows helping us develop this. Current modules being developed:
    - i. Canvas, GoogleDrive, Time Management, & Support Resources
  - [Coaching](#) - new MOST coaching to get rolled out
5. Open Forum. Add the topic and your name below.
