

Faculty Hiring Priority Committee

Friday, January 20, 2023

Zoom

- I. Training workshops for lead writers
 - a. How many?
 - b. When? – we await Program Review timeline (estimated approval is 1st week of semester)
 - c. Content – how should lead writers address the rubric's five questions? We have to present a coherent and consistent explanation about what we will look for when scoring the resource request
 - d. The 0-10 sliding scale preceding the rubric implies that the resource request must connect to the Program Action Plan that is contained in the Program Review – however, FHP does not read the PR when scoring requests – this must be addressed in the workshops
- II. Brief discussion about revisiting the rubric, in particular question #5, in Spring 2023
- III. Schedule next FHP meeting and consider frequency of Spring 2023 meetings
