

Academic Senate Resolution Requesting the SDCCD and Mesa College to Pledge to Fight Antisemitism:
Greenbergs (Updated February 2024)

Mover: J. Johnson

Seconder: Braun

Whereas past events in the district made it clear that many faculty and administrators have little knowledge about the Jewish people and the antisemitism they experience, and even though Jewish faculty and staff have requested inclusion of antisemitism education in District DEI practices (where we rightfully include education to counteract sexism, racism, homophobia, Islamaphobia, etc.), There has been little action by the administration; and

Whereas despite the Jewish people being only 2% of the U.S. population, they experience 9.6% of all hate crimes, with the FBI reporting a 37% rise in antisemitic hate crimes since 2022; and

Whereas, while the college and the district rightfully hold many events and acknowledgements celebrating diverse cultures, most significant Jewish holidays go unnoticed,

RESOLVED, that the San Diego Mesa College Academic Senate recommend the SDCCD and the Mesa College administration commit to

1. ADDRESS antisemitism in our Diversity, Equity, and Inclusion educational strategies by offering programs for employees about addressing antisemitism specifically as well as integrating antisemitism into our broader DEI approach.
2. SUPPORT Jewish employees through mechanisms such as a Jewish Employee Resource Group (ERG), affinity group, or programming. We also recognize the diversity of Jews, and that Jewish identity transcends religious practice, and pledge that Jewish employees are welcomed in all relevant ERGs or affinity groups.
3. ENSURE we have robust religious accommodation policies. We will evaluate our policies to see where we can make improvements that promote inclusion for all employees, which could include a shared holiday calendar of religious observances, a floating holiday policy, food and dietary accommodations at workplace gatherings, dedicated spaces for daily religious practices, and more.
4. USE our workplace's platform on social media, via press release, and/or messaging from company leadership to employees as well as externally to speak out to fight hate overall and when there is a day of cultural significance to the Jewish community (Ex: Jewish American Heritage month, Shine A Light, etc.) or if there is a significant act of antisemitism in the United States.
