

BUILDING BETTER FUTURES

DID YOU KNOW?

The cost to attend California's public universities is six times that of community college! Because of that, nearly ONE out of every THREE high school graduates chooses a local community college to save tens of thousands of dollars.

On this November's ballot, Measure HH will help San Diego Community Colleges build state-of-the-art classrooms, science labs, and learning facilities so students can gain 21st Century job skills or to transfer to 4-year universities.

BUILDING BETTER FUTURES

San Diego's Community Colleges
play a crucial role in our region's success.

Measure HH on the November ballot provides a comprehensive solution to:

- ✓ Build modern classrooms & science labs to equip students for today's competitive job market.
- ✓ Upgrade training facilities for first responders so they can better protect and serve our community.
- ✓ Renovate outdated classrooms, creating spaces that inspire and enhance learning.
- ✓ Support veterans and unhoused youth with housing and high-tech educational facilities.

DID YOU KNOW?

Measure HH

Connects students to cutting-edge facilities, equipping them with the skills needed to thrive in our regional economy.

San Diego's Community Colleges contribute over \$4.5 billion annually to the local economy. Measure HH will keep us serving students and the community for years to come.

BUILDING BETTER FUTURES

DID YOU KNOW?

San Diego is facing a serious shortage of trained nurses, firefighters, and paramedics. This November, Measure HH will be on the ballot to upgrade San Diego Community College's training facilities and technology so these life-saving professionals can gain the skills they need to serve our region.

San Diego Community College District is our region's preeminent institution for training skilled First Responders. Help us by supporting Measure HH! Find out more: **bit.ly/HH24BOND**

BUILDING BETTER FUTURES

DID YOU KNOW?

San Diego Community Colleges are in need of an upgrade. Measure HH is on this November ballot to replace frayed wiring and leaky roofs; renovate outdated electrical/heating systems; and fix broken plumbing, and deteriorating bathrooms.

HH means Hope and Help for San Diego. Find out more about Measure HH, the community college bond by visiting: **bit.ly/HH24BOND**

BUILDING BETTER FUTURES

DID YOU KNOW?

Mesa College, City College, Miramar College, and the San Diego College of Continuing Education play vital roles assisting Veterans seeking to learn new skills and rejoin the civilian workforce.

On this November's ballot, Measure HH will provide new, high-tech classrooms and teaching facilities for programs that serve Veterans. Find out more about Measure HH at: **bit.ly/HH24BOND**

BUILDING BETTER FUTURES

DID YOU KNOW?

Did you know? Nearly 25% of local community college students are 'housing insecure' (living in cars or couch surfing). This November, Measure HH, the San Diego Community College Bond, will build safe student housing where community college students can live while pursuing their education. By providing a stable living environment, students can focus on learning and completing their degrees.

HH means Hope and Help for San Diego. Help us support our housing insecure community college students by visiting: **bit.ly/HH24BOND**
