WAITLIST (Title 5 18106 & 18132)

Families interested in enrolling in a Center must complete a Waitlist Application. Applications are placed on the Waitlist, which is kept active May through April of each year. At the end of each April, the Waitlist is purged, and families must reapply to be on the new Waitlist.

The Waitlist is not first come first served, but is ranked according to the Child Care and Development Income Ranking Table. The "ranking" of families establishes the order in which children receive available spaces.

Child Development Center: ☐ City ☒ Mesa ☐ Miramar

Dear Family:

Thank you for your interest in our Child Development Center. Our Centers offer free or low-cost childcare for children up to 5 years old. Our Centers are laboratory schools where college students learn to study young children's growth and development patterns. Our teaching staff provides a wide variety of activities to help encourage children to have a sense of self-worth and creative expression.

Our Centers are funded by the California Department of Education (CDE), California Department of Social Services (CDSS), Child and Adult Care Food Program (CACFP), and the San Diego Community College District (SDCCD). City and Mesa College Child Development Centers also offer a collaboration of Head Start services with the Neighborhood House Association.

We are open during the Fall and Spring Semesters and follow the San Diego Community College District academic calendar.

Please complete the attached application and return it with the following documentation:

- ☒ copies of your last month's income (pay stubs, unemployment, CalWORKs notice, etc.)
- ☒ copies of birth certificates for all your children under 18 years old
- ☒ last year's W-2, Tax Forms, or proof of the last 12 months of income

ADMISSION AND ENROLLMENT

The Centers are required by the California Department of Education (CDE), Early Education Division (EED), and the California Department of Social Services (CDSS), Child Care and Development Division (CCDD) to adhere to Title 5 education code and regulations. To receive state subsidized childcare and developmental services, families must meet eligibility and need criteria as specified below.

Families are responsible for submitting all requested information to determine eligibility and need prior to the child's first day of enrollment—the Centers reserve the right to request additional documentation to establish need and eligibility.

Enrollment (Title 5 18131)

Spaces are offered based on the number of openings in the designated age group for which spaces and staffing are available. A child's assigned classroom is based on the child's age, developmental appropriateness, and space availability.

Applicants who are offered a space are be contacted by U.S. postal mail, email, or by telephone. If the applicant does not respond within the specified time identified in the correspondence, the space is offered to another applicant.

Applicants who accept a space are notified of the Center's mandatory parent enrollment appointment and orientation, documents needed, and other pertinent information deemed necessary by Center staff.

Parents are responsible for completing and returning all paperwork, information, and documents as requested by Center staff, including proof the child lives in the state of California. Failure to complete all required documentation as directed by Center Staff may result in dis-enrollment from the program.

Documents to complete include but not limited to:

- Notification of Parents' Rights (LIC 995)
- Personal Rights (LIC 613A)
- Identification and Emergency Information (LIC 700) or similar form with required information
- Consent for Emergency Medical Treatment (LIC 627) or similar form with required information
- Child's Preadmission Health History (LIC 702)
- Physician's Report (LIC 701) or similar form with required information
- Individual Infant Sleeping Plan (LIC 9227) if child is under 2 years old
