This means students and faculty will be logging into Canvas and mySDCCD using their SDCCD email login. If you're concerned about the process, the district's Online Learning Pathways is hosting an **Introduction to SSO** on July 10th at 2pm in the [SSO Introduction Zoom](#). The only thing you and your students need to do to be prepared is to log into your district email!

On May 16, Mesa College and National University announced a renewed educational partnership to further advance a higher educational commitment to increase educational attainment opportunities for non-traditional, working and military students. This will open doors, remove barriers, and create seamless pathways for aspiring scholars.

We are thrilled to introduce the new Wellness Vending Machine at Mesa College, funded by a grant from the California Community College Chancellor's Office following the implementation of AB2482. This innovative vending machine, part of a pilot program, offers convenient and affordable health items for students and staff. Stocked with essentials such as Tylenol, Advil, pregnancy tests, condoms, lubricant, menstrual cups, tampons, pads, and generic Plan B, it ensures easy access to vital health products. Excitingly, in the near future, tampons and pads will be dispensed free of charge. This initiative underscores our commitment to supporting the well-being of our campus community.
