*Hello Mesa College Community!* .....

**Weekly Update from Prez Hands** provides a brief overview of the exciting efforts taking place within our community. The updates are also a great way to tell our collective story of success, and to document our journey of becoming the Leading College of Equity and Excellence. Enjoy!

OFFICE OF THE *President*

This Friday, we will be hosting our 59th Commencement Ceremony with a graduating class of more than 1,800 students. We will be awarding over 1,877 academic degrees and more than 408 certificates.

This milestone reflects the hard work, perseverance, and brilliance of our students and the unwavering support of our faculty, classified professionals, administrators, and community. Each degree and certificate tells a story of resilience, purpose, and possibility.

We look forward to celebrating our graduates as they take the stage, claim their space, and begin the next chapter of their journey.

***Congratulations, Class of 2025!***

## **Save the Date: One Login for All SDCCD PeopleSoft ERP System Coming October 13, 2025**

As we prepare for the upcoming summer break, we're pleased to share an important update that will enhance your digital experience this fall.

Beginning **October 13, 2025**, SDCCD will expand Single Sign-On (SSO) services to include the PeopleSoft ERP applications — Campus Solutions, Human Resources, and Finance. This upgrade will allow users to securely access these systems using their **SDCCD email credentials**, eliminating the need to log in separately for each application.

### **Why This Matters?**

With SSO, employees and students will enjoy:

- One login, multiple systems – Seamless access to Campus Solutions, HCM, Finance, and more using a single set of credentials.
- Enhanced Security – Protection through Multi-Factor Authentication (MFA).

- Streamlined support – Reduced login issues and easier troubleshooting.
- Improved efficiency – A more convenient and productive experience for students, faculty, and staff.

As we approach the launch, you can expect additional details, setup instructions, and training resources to be shared in early fall. In the meantime, we encourage you to visit our [Single Sign-On \(SSO\) resource page](#), located under Documents and Resources on the SDCCD Information Technology Services website, for more information.
