Spring 2020 Engineering Workshop Attendee Testimonial:

"I really enjoyed the workshops! I feel like I learned a lot and have a new appreciation for Engineering that I did not have before. :) I am very appreciative that it could continue after the semester went online.
It was always a nice escape for a little while!" - M.Y.

Spring 2020

INNOVATION RESEARCH LAB (B-106) WORKSHOPS

Hosted by
Prof. Hamidreza Ghasemi Bahraseman

Types of workshops

- BASICS OF MATLAB AND ITS ENGINEERING APPLICATION

- ANSYS SIMULATION SOFTWARE FOR ENGINEERS

- C++ QUICK START WORKSHOP

Contact information:
(619) 388-5135
www.sdmesa.edu/irl

Request for disability-related accommodations should be made no later than five working days prior to the event. Contact mesairl@sdccd.edu or (619) 388-5135

FEBRUARY

-Fri 02/21 10:30 to 11:30am;
ANSYS Dynamics Motion Analysis

-Fri 02/28 10:30 to 11:30am;
ANSYS Statics Structural Analysis

MARCH

-Fri 03/06 10:30 to 11:30am;
ANSYS Thermal Stress Simulation

-Fri 03/13 10:30 to 11:30am;
ANSYS Fluid Dynamics Simulation

-Fri 03/20 10:30 to 11:30am;
ANSYS Collision Analysis

- Fri 03/27 10:30 to 11:30am;
ANSYS Mass Diffusion Analysis

APRIL

- Fri 04/10 10:30 to 11:30am;
ANSYS Phase Transformation Analysis

- Fri 04/17 10:30 to 11:30am;
Matlab Engineering Application

- Fri 04/24 10:30 to 11:30am;
C++ Engineering Application

- Fri 05/01 10:30 to 11:30 am;
C++ Engineering Application
