Biology Peer Mentor Libby Hedges

Hi, My name is Libby Hedges.

I'm a biology major, and I plan on transferring to SDSU next fall. When I'm done with school I would like to go into either research or teaching.

A few hobbies of mine are swimming, baking, and playing video games. I was a kids swim coach, with a competitive swim club.

This is my second year as a peer mentor, I'm very much looking forward to working with everyone and helping in whatever way I can. I like being around people and the STEM center has a great atmosphere and I enjoy spending time there. I hope to see you there.
